Dev Han Tun Zaw

Developer

As an experienced Flutter developer with a background in website development and design, I bring a unique perspective and skill set to every project I work on. I am a self-starter and quick learner, always eager to expand my knowledge and capabilities. Additionally, my contributions to a Web development team as a Web designer were recognized with a WIT award, showcasing my dedication to excellence and innovation. I am confident that I can bring these qualities and more to your team and help you achieve your development goals.

Work Experience

Nov 2021 - Present

Senior Flutter Devloper

Asaygo group Co.,Ltd, eWhale Myanmar

As a senior Flutter developer, I have extensive experience in designing and developing mobile applications using Flutter. Additionally, I have experience leading and managing a team of developers to ensure the successful delivery of projects on time and within budget. I possess excellent problem-solving skills and the ability to identify and resolve issues quickly. My strong communication and collaboration skills have helped me work effectively with cross-functional teams and stakeholders.

Aug 2020 - Nov 2021

Full-stack Developer | Flutter developer

7th Computing Company Limited

Transitioned from a full-stack developer role to a Flutter developer position upon request by the company. Proficient in both front-end and back-end development, with a demonstrated ability to quickly adapt to new technologies and programming languages.

Aug 2019 - Mar 2020

Junior Web developer

Zino Tech

As a Junior Web Developer, I started my journey as an intern and have since developed websites both independently and in collaboration with design teams. My experience includes working on various projects that require proficiency in programming languages such as HTML, CSS, and JavaScript, as well as knowledge of popular Content Management Systems (CMS) like WordPress and Drupal. I am committed to delivering high-quality results and strive to continuously learn and grow in my field.

I mostly work on confidential B2B projects and tasks for various organizations and companies. Therefore, I cannot share project links or resources with you. However, if you need more information, please feel free to contact me directly.
